## CSA 2021 season

20 weeks, Starting June – October

Farmers’ market meets CSA. The Fisher Hill Farm CSA is a CSA with choice! Never get overloaded on one crop, or something you know you won’t eat. “Shop” at your CSA without needing to carry cash.

Each week members will be treated to fresh, local, high quality, seasonal vegetables and fruit. Choose your share items each week from a wide array available on display. Change your items each week to suit your family’s taste, your recipes or your mood. There may occasionally be limits on quantity of certain items due to yield.

If you feel intimidated at the thought of using all of this produce each week, consider one of the following ideas. Share the cost and bounty with a friend or co-worker. Each week both members can come and ‘split’ the share or each member could come alone every other week. The Seasonal Sampler is our smallest share option; once a month for five months, Sampler members will be able to receive their share. Because the Sampler is spread over the entire season members should not feel overwhelmed by vegetables or a weekly commitment to attending a market and will be able to see the wide range of items able to be grown right here in the Finger Lakes.

Regular share 7 items per week, \$340	Family share 10 items per week, \$440
Seasonal Sampler, one share per month June-October (5 total), 10 items per month or 5 items bi-weekly, \$130	

<i>Add-on options:</i>	<i>5 chickens (1 monthly), \$75</i>	<i>10 chickens (2 monthly), \$140</i>	
	<i>20 doz eggs, \$70</i>	<i>10 doz eggs, \$35</i>	<i>5 doz eggs, \$18</i>
